Function	Purpose
ag_fpp_learn	Learn a pattern (add to a tree function)
ag_fpp_list_ptns	List all patterns in a tree function
ag_fpp_unlearn	Unlearn a pattern (delete from a tree function)
ag_rsp_did_add	Add a new DID to the set
ag_rsp_did_get	Obtain information about a DID
ag_rsp_queue_add	Add a queue to the Traffic Manager

Figure 23.4 A few examples of object level functions included in Agere's API. Many other functions exist.
